## Materials and their properties

Identifying the properties of materials is something we do all the time when we are separating our waste.

Using objects around your home or classroom, can you complete the table below?

We have included an example to help you

Can you think of any other properties of your objects?

Object	What material it's made from?	Is it hard or soft?	Is it shiny or dull?	Is it strong or brittle?	Is it rigid or flexible?	Is it transparent or opaque?	Is it smooth or rough?	Is it heavy or light?
Magazine	paper	hard	shiny	strong	flexible	opaque	smooth	light
