

# Material sorting activity

 Water bottle	 Glass jars	 Bike	 Yoghurt pots
 Towel	 Drinks can	 Nappies	 Food tin
 Teddy bear	 Newspaper	 Jumper	 Envelope
 Box	 Sweet wrappers	 Light bulb	 Car

## What to do:

1. Cut out the objects
2. Think about what they are made from and put them into the correct column on the next page

## Bonus

Go around your house or classroom and see if you can find objects made of all the different materials.

Is there anything you can find made of a different material?

# Material sorting activity

Cut and stick the items into the right columns .

Hints! - - - ^

Plastic	Glass	Metal	paper	Cloth
I can be soft or hard. I can be shiny or dull. I am very strong and very flexible. I can be made into all sorts of shapes and can be made into many different items.	I am hard. I am strong. I am transparent. I am waterproof. I am smooth. I can break if you drop me. I can be made into jars and bottles.	I am shiny. I am hard. I am strong. I can be heavy. I am smooth. I can be magnetic. I can sometimes be crushed. I can be moulded into many different shapes and used to make many different items	I am soft. I am flexible. I am not waterproof. I am opaque. I can be scrunched up and torn. I am used for writing and printing.	I am soft. I am flexible. I can be squashed and twisted without breaking. I can be folded. I am used to make clothes.
